

Real Estate Agent Specials for the 2023 OAHl Education Conference

Real Estate Special: For the first time, OAHl is offering real estate agents and brokers who register to attend the 2023 OAHl Education Conference a special; we call it ROGO: "Register for One, Get the Other" for free. It's simple: register for the Saturday and get the Sunday free.

OAHl is offering this special because we feel it is important for real estate agents and home inspectors to get to know and understand each other better. Better still, if you want to really understand what home inspectors see and think, and why they write the reports as they do, attend the offsite inspection program on **Friday, Feb. 24, 2023** (separate fee).

Real estate agents and brokers and home inspectors of all abilities from across Canada are welcome to attend the 2023 OAHl Education Conference. Hosted by the Ontario Association of Home Inspectors, the OAHl Education Conference will be held from **Feb. 24-26, 2023** at the Courtyard by Marriott Oshawa, in Oshawa, ON. The conference brings together home inspectors, industry related exhibitors, and educators for a weekend of education, networking, and mentorship.

OAHl knows you'll appreciate the value of attending the conference and will want to stay connected. OAHl members are available to give presentations to your organizations as conference chair, Andrew Dixon, RHI did for KAREA in 2019.

"Your enlightening presentation on the history of OAHl, how to prepare for a home inspection, and the various types of inspections was valuable information for our members. We've received positive feedback on the presentation and requests for more information and brochures. Thank you for taking the time to speak with our membership. We look forward to continuing our collaboration with OAHl."

Sylvie DesHaies, president, Kingston and Area Real Estate Association, 2019

The conference offers real estate professionals insight into the depth of knowledge an inspector must earn to achieve the "RHI" (Registered Home Inspector) designation that only the OAHl has the right to give to its members. The "RHI" proves that the member is a qualified home inspector having achieved all of the requirements for the prestigious RHI designation.

The conference theme is Educate:Elevate.

We start with our virtual offsite inspection tour and debriefing on **Friday Feb. 24**. The next two days are filled with a variety of education sessions (16 sessions in all) on current and ongoing topics relevant to home inspection.

Topics will be geared towards home inspectors at various stages in their careers: students to veterans. OAHl has set and maintained the standard for home inspection education in Canada. It's hard to top the professional career development value we offer in three days.

The Ontario Association of Home Inspectors is the largest association of its kind in Canada and has been organizing relevant education conferences throughout its more than 30-year existence. OAHl has provided worthwhile professional development value for the home inspection community and ultimately consumers.

This conference is an impressive opportunity to see how OAHl can help real estate professionals and home inspectors elevate their business and discover what a great group of knowledgeable professionals we are.

**The OAHl Education Conference is
Canada's Premier Home Inspection Conference™**
