

Calling all current home inspection students! Register for the 2023 OAHl Education Conference and OAHl will give you a ROGO: "Register for One, Get the Other" for free. It's simple: register for one day and get the other day free.

Plus, new home inspection students receive a student membership in the OAHl for the remainder of the current membership year—again for free. This is a good deal!

To receive the discount, students must register online and then contact Nicole at the OAHl office by phone at 416-256-0960.

After a two-year break the Ontario Association of Home Inspectors (OAHl) is very pleased to announce that the OAHl Education Conference returns in 2023. It will be held from **Feb. 24 – Feb. 26, 2023** at the Courtyard by Marriott Oshawa in Oshawa, Ontario and brings together home inspectors, industry related exhibitors, and educators for a weekend of education, networking, and mentorship.

For students this is an excellent opportunity to introduce yourself to the home inspection world, meet practicing home inspectors, learn about all the products you need to get going and to receive a first-class inspection-based education.

The OAHl-RHI Mentorship Café™ will be set up in the Exhibitors' Hall throughout the weekend and is your portal to connect with experienced home inspectors one-on-one. Staffed by inspectors who know the business it is your opportunity to ask questions and get advice from the best RHIs in the business.

The conference is a great way to start your journey to achieving the "RHI" (Registered Home Inspector) designation that only the OAHl has the right to give to its members. "The RHI" proves that the member has achieved all of the strict and verified requirements for the prestigious RHI designation.

The conference theme is Educate:Elevate.

"I think it (OAHl membership) lends more credibility with clients and Realtors to be a part of such a well-known and respected association such as OAHl."

Ryan Bowering, R.H.I. OAHl member since 2006.

We start with our Offsite Inspection tour and debriefing on **Friday Feb. 24** at the hotel. Hosted by Terry Carson the Offsite Inspection is a great way to get your hands dirty virtually as you tour a house, discover the defects, and see how an inspector works and thinks— and most importantly, writes a report.

The next two days are filled with a variety of educational sessions (16 sessions in all) on current and ongoing topics relevant to home inspection. Topics will be geared towards home inspectors at various stages in their careers: students to veterans. Overall, delegates can earn up to **21 Continuing Education Units** (CEUs) in one three-day weekend while networking with their peers and colleagues.

The Ontario Association of Home Inspectors is the largest association of its kind in Canada and has been organizing relevant education conferences throughout its more than 30-year existence. It's hard to top the professional career development value OAHl offers in three days.

OAHl encourages all home inspection students to come out and learn, network, and enjoy the OAHl experience. Stay in touch and follow us on social media.

Must show proof of enrollment in an OAHl recognized home inspection program **Paid registration for Saturday or Sunday or Full Delegate Registration. *Conditions apply.*

**The OAHl Education Conference is
Canada's Premier Home Inspection Conference™**
